# AIR FREIGHT

Our fruitful relationship with global airline partnerships aims to offer the lowest – price, transit time, fixed allocations, and lift capacity of carriers in each major trade lane and their ability to add efficiency to our client's supply chain management.

We also help our customers save large amounts of freight by proper guidance, procedures, consolidation, groupage, chartering, etc. Stevin Express – Freight has adequate warehousing facilities for their air cargo too.

# SEA FREIGHT

Our experienced Team Members are trained to guide you through the complexities of international shipping. We offer tailored programs to meet our clients' full container load (FCL) and less than container load (LCL) requirements and transportation cost objectives.

Our services include flexible shipment tracking, purchase order management, and space protection during periods of high demand. We have entered into service contracts with several steamer lines providing the best value for money for our customers.

# PROJECTS & ODC

Stevin express consists of a team of highly experienced Project Forwarders who are involved on a daily basis with the transport of oversized and heavy breakbulk cargo. We do this worldwide via sea freight, air freight, land, river or by train, or a combination of these modalities which often includes engineering, extensive planning, and specialized transport equipment.

We provide our services to renowned global customers from, among others, the oil and gas, dredging, petrochemical, and mining industries.

# TRANSPORTATION & DISTRIBUTION

Navigating India's intricate geography, efficient distribution and transportation management are paramount for timely product delivery. At Stevin Express, we excel in overseeing and orchestrating distribution even to the most challenging locations. Leveraging an extensive transportation network, we empower clients with enhanced control over delivery timelines.

By embracing industry best practices, including barcoding and integrated returns systems, we ensure seamless operations. Our comprehensive services encompass cargo consolidation, distribution to remote areas, and vigilant cargo monitoring. Notably, we cater to odd-dimensional cargo with specialized carriers. With meticulous carrier analysis, we strike the perfect balance between cost and performance, exemplifying our commitment to impeccable transportation management.

# CUSTOMS BROKERAGE
